EXECUTIVE SUMMARY

Background

The 2018 Legislature directed the Caseload Forecast Council (CFC) to submit a General Disproportionality Report annually prior each legislative session¹. This report contains the following:

- a. Percentages based on the total number of adult felony sentences in each crime category, distributed by race;
- b. Percentages based on the total number of adult felony sentences reduced to misdemeanors in each crime category, distributed by race;
- c. Percentages of Washington State’s general adult at-risk population, between the ages of eighteen and fifty-four distributed by race;
- d. A complete list of felony offenses in each crime forecasting category; and
- e. Limitations in the data.

“Disproportionality” in adult felony sentencing is defined as the degree to which the demographic composition of individuals convicted of adult felonies differs from that of the general state population. Disproportionality may arise in many stages of the criminal justice system. As such, this report summarizes but does not investigate the causes of disproportionality in sentencing. For the purposes of this report, disproportionality is measured by a ratio, the percentage of a group in an event such as sentencing, relative to the percentage of that group in the population.

Adult Sentencing Disproportionality Ratio Calculation:

$$\text{Ratio} = \frac{\% \text{ racial group in sentencing}}{\% \text{ racial group in the Washington state population}}$$

A ratio lower than one means that a racial group’s proportion of the total felony sentences in Washington State is lower than the racial group’s proportion of the total Washington state population.

A ratio higher than one means that a racial group’s proportion of the total felony sentences in Washington State is higher than the racial group’s proportion of the total Washington state population.

¹ ESSB 6032 Section 126(3)

A ratio equal to one means that a racial group's proportion of the total felony sentences in Washington State is equal to the racial group's proportion of the total Washington state population.

CFC staff collects only felony sentences from 39 counties in Washington State. The raw data of gross misdemeanor and misdemeanor sentences in this report were compiled and shared by the Administrative Office of the Courts. There may be more than one offense which may be a felony, gross misdemeanor, misdemeanor, or any combination of those in one sentence. In this report, we include only sentences having at least one offense which was initially charged as a felony but was later reduced to a gross misdemeanor or a misdemeanor in the final sentence(s).

Findings²

- In Fiscal Year (FY) 2021, the total number of adult felony sentences imposed between July 1, 2020 and June 30, 2021 in Washington was 13,655.
- The rate and number of sentences imposed in FY2021 are summarized as follows (excluded 835 sentences with unknown race):

32.9% Property (4,223)	2.7% Robbery (343)
28.5% Assaults (3,654)	0.9% Failure to Register as Sex Offender (121)
17.3% Drugs (2,220)	0.5% Manslaughter (63)
12.0% Other Felonies (1,539)	0.4% Murder 2 (48)
4.4% Sex (566)	0.3% Murder 1 (43)

- Racial Distribution of Adult Felony Sentences in FY2021:

71.6% Caucasian (9,184)
13.6% African American (1,746)
8.1% Hispanic (1,043)
3.4% Asian and Native Hawaiian and Other Pacific Islander (431)
3.2% Native American (416)

- Trends in Disproportionality:

In FY2021, African Americans, Native Americans, and Caucasians had disproportionality ratios higher than one for the at-risk age group between 18 and 54. In this report's analyses on felony-reduced-to-gross misdemeanor-and-misdemeanor sentences, those racial groups

² The numbers of sentences referenced in this report are as of December 1, 2021. These are subject to change as missing sentencing data becomes available.

also had disproportionality ratios higher than one: 3.40 (African American), 2.57 (Native American), and 0.99 (Caucasians).

Asians and Native Hawaiians and Other Pacific Islanders had disproportionality ratios lower than one in all observations: adult sentences, at-risk-age adult sentences, and adult felony-reduced-to-gross misdemeanor-and-misdemeanor sentences.

Caucasians had disproportionality ratios close to one in all observations: adult sentences, at-risk-age adult sentences, and adult felony-reduced-to-gross misdemeanor-and-misdemeanor sentences.

Limitations

This report summarizes but does not investigate the causes of disproportionality in sentencing.

The ethnicity data in adult felony sentences submitted by counties to the CFC are often missing or reported inconsistently. While Hispanic is generally considered an ethnic group, it is often reported as a race on the adult felony Judgment and Sentencing (J&S) forms. If the race category is unknown or blank on the J&S form, the CFC records ethnicity as race if it is available.

In calculating the disproportionality ratio, the CFC uses data provided by Office of Financial Management (OFM) Forecasting and Research Division is used to compare adult felony sentences to the general statewide population. OFM population data categorizes Hispanic as an ethnic group and not a race. Since the categorization of race as reported on the adult J&S forms used by the CFC is not consistent with the categorization of race in the OFM population data, the CFC's disproportionality ratio calculation is likely to be different from the actual ratio.

Every year, the data set of Adult Felony Sentences may include sentences of individuals younger than 18 years who committed serious offenses and were discretionarily or mandatorily sentenced in Adult courts. This special set of data is not included in this report due to its small percentages. These cases are reported in another annual report, the Statistical Summary of Adult Felony Sentencing.
